_____ One year Friend's Membership - \$25.00

_____ Lifetime Friend's Membership - \$200.00

Gifts to the Monroe Conservation District are tax deductible to the maximum extent of the law. Please consult your tax professional.

EXCUSE ME, HAVE WE MET?

Chances are, we have—while buying fresh vegetables at the Monroe or Dundee Farmers Market, at the annual tree sale, a farm tour, at the native plant or pruning workshops, or hiking the trails in the county.

We are the Monroe Conservation District. Like an old good friend, we've been a part of this community for over 50 years, quietly working to conserve the natural resources that sustain the economy and culture of this beautiful area.

What are we doing here in your hands? We're on a mission to make new friends and rekindle relationships with old ones.

So, let's be Friends. Not to worry - we're low maintenance, but the places we protect and people we serve are high priority. Which is why we need your help, to continue our important work as caretakers for the rivers, lakes, farmlands and forests of this great county.

GET TO KNOW US!

Education

Our educational coordinator uses a hands interactive "EnviroScape" that teaches about sources of pollution and ways to prevent it.

Farm Tour

Each year we organize a farm tour to help share farming methods, environmental protection & introduce the non-farming public to farm life.

Native Plant Sale and Workshop

An annual event where speakers educate on the use of native plants, and why using them is important.

A variety of other speakers are on hand as well.

Tree and Shrub Sale Fundraiser

This program not only replenishes our coffers but to supply and promote trees for windbreaks, soil stability, riparian buffers, reforestation, wildlife habitat including food sources.

Sustainable Agriculture

If you relish eating local, then you should know that we have been supporting farmers for over 50 years. Our office is leading the charge to keep our area farms sustainable and our local bounty safe. For example, by helping farmers reduce fertilizer and pesticide use, we are supporting our local farm economy and keeping our rivers and lakes clean and enjoyable.

Come and see us anytime.....

Business hours are Monday-Friday 8:00 am to 4:30 pm, or watch for the dates for Earth Day, Flower Day, Tree Sale, Food Day, Farm Tour, Native plant workshop and plant sale, and other events planned throughout the year.

All held in Monroe County!
